

JANUARY 28, 2021

REGULAR PLANNING COMMISSION MEETING 6:00 P.M.

Consistent with provisions of the Utah Open and Public Meetings Act, Utah Code Ann. § 54-2-207(4), the Moab City Council Chair has issued written determinations supporting the decision to convene electronic meetings of the Council without a physical anchor location. Due to the health and safety risks related to the ongoing COVID-19 pandemic and considering public health orders limiting in-person gatherings, the Moab City Council will continue to hold meetings by electronic means. The public is invited and encouraged to view and participate in the Council's electronic meetings by viewing the City's YouTube channel: <https://www.youtube.com/MoabCityGovernment>

Check our website for updates at: [www.moabcity.org](http://www.moabcity.org)

**Moab City Planning Commission Agenda Item**  
Meeting Date: January 28, 2021

**Title:** Water Resources Discussion

**Disposition:** Discussion Only

**Staff Presenters:** Carly Castle, Assistant City Manager  
Chuck Williams, City Engineer  
Mike Duncan, City Council

**Background/Summary:**

As the City grows, the need for continued management of our water resources becomes even more important. Add in the deleterious effects of climate change and the state of our aging infrastructure and the need is intensified even more. Determining water availability and comparing against current and future water needs/use is part of the management that the City and other agencies do. Recent and ongoing studies by the City, State and Federal governments have brought new information to the water resources understanding in the Moab-Spanish Valley.

The purpose of this Work Session is to inform the Planning Commission of some of the recent studies and upcoming system investments.
