To: Planning Commission  
From: Nora Shepard, Planning Director  
Date: July 8, 2021  
Subject: Proposed Code Text Amendments to allow Brewpubs, Breweries and  
Distilleries

Background

The Moab Municipal Code (MMC) currently does not address Brewpubs, Breweries and Distilleries. The City Council has requested that the Planning Commission consider forwarding amendments to Chapter 17 of the MMC.

Proposed Amendments

1. Add definitions to 17.06 for Brewpubs, Breweries and Distilleries as follows:

**BREW PUB:** A restaurant type establishment that also contains a small brewery, where the product is brewed primarily for sale in the associated restaurant. Brewpubs may package their product in kegs, bottles or cans for on site or off-site distribution. The alcohol to food sales revenue ratio for a brewpub shall comply with the requirements of chapter 6 (Specific Retail License Act) of title 32B (Utah Alcoholic Beverage Control Act) of the Utah Code, or its successor.

**BREWERY:** A business establishment that manufactures more than fifteen thousand (15,000) barrels of beer, heavy beer, or malt liquor as otherwise defined and regulated in title 32B, Utah code, as amended.

**MICROBREWERY:** A brewery that produces less than fifteen thousand (15,000) barrels of beer, heavy beer, or malt liquor annually and occupies less than ten thousand (10,000) square feet in gross floor area and may include a taproom in which guests/customers may sample the product.

**MICRODISTILLERY** shall mean a facility that produces no more than fifteen thousand (15,000) gallons per year of spirituous beverages on site and shall include a tasting room in which guests/customers may sample the product.

2. Add Brewpubs as permitted uses in the C-2 Commercial-Residential and C-3 Central Commercial, C-4 General Commercial and RC Resort Commercial Zones.
3. Add Microbreweries and Distilleries as a permitted use in the C-4 General Commercial Zone and I Industrial Zones.
4. Add Breweries as a permitted use in the I Industrial Zone

A draft of Ordinance 2012-12 is attached for your review.

#### Criteria for Code Text Amendments

Section 17.04. 070 of the Moab Municipal Code requires that the Planning Commission and City Council consider the following criteria:

- A. Is the proposed use substantially similar to other authorized uses permitted within the subject zoning district?
- B. Is the proposed use a relatively new use type or development concept that was not anticipated at the time of the adoption of the City's General Plan?
- C. Is the amendment consistent with the policies and goals of the General Plan?
- D. Will the amendment create significant adverse impacts upon neighboring properties within or adjacent to the zoning districts which would be affected by the change?
- E. Is it in the public interest to approve the proposed amendment?
- F. Is the amendment likely to lead to a positive redevelopment of a specific area or zone?
- G. Will the amendment provide a variety of options for residents in terms of economic development, affordable housing, or other benefits?
- H. Is the amendment appropriate considering the existing conditions in the zoning district, the established relationships between zoning districts, existing land uses and densities, and the scale of both existing and proposed development?

#### Items for Discussion

The Code amendments are fairly straightforward. The Planning Commission may want to discuss whether or not to allow Brewpubs in the C-5 Neighborhood Commercial Zone. The draft does not include allowing brewpubs in the C-5. Brewpubs are generally larger uses which may not be compatible in the C-5 Neighborhood Residential Zone. The impacts from a brewpub use are likely to be incompatible with the surrounding residential neighborhoods.

### Planning Commission Action

The Planning Commission is being asked to hold a public hearing on the proposed amendments, discuss them and take one of the following actions:

1. Forward a positive recommendation to the City Council on Ordinance 2021-12, with or without amendments.
2. Continue the item and provide staff with direction as to additional information that is required to make a decision
3. Forward a positive recommendation to the City Council on Ordinance 2021-12 with supporting findings.

Exhibit A: Summary of potential ADU Amendments required in HB 82

Exhibit B: Moab Municipal Code (MMC) Chapter 17.70

Exhibit C: HB 82 as adopted

**Background:**

The reasons for the City initiating changes to the ADU section of the MMC are two-fold. The Utah State Legislature recently passed HB 82 Single Family Housing Modifications. This legislation addresses zoning and building provisions relating to Internal ADUs. A copy of HB82 is attached (Exhibit C) for your use. The other reason is that it is time we review our current code language and recommend changes to further remove regulatory barriers.

**HB 82**

As mentioned above, the State Legislature adopted HB 82 addressing zoning and building provisions for "Internal ADUs." Amendments must be made to the MMC to be consistent with this legislation. Attached as Exhibit A is a summary of the necessary changes. The legislation does not address separate or exterior ADUs.

In Summary, HB 82

- modifies and defines terms applicable to municipal and county land use development and management;
- allows a municipality or county to punish an individual who lists or offers a certain licensed or permitted accessory dwelling unit as a short-term rental;
- allows municipalities and counties to require specified physical changes to certain accessory dwelling units;
- in any single-family residential land use zone:
  - ✓ requires municipalities and counties to classify certain accessory dwelling units as a permitted land use; and
  - ✓ prohibits municipalities and counties from establishing restrictions or requirements for certain accessory dwelling units with limited exceptions;
- allows a municipality or county to hold a lien against real property containing certain accessory dwelling units in certain circumstances;

- provides for statewide amendments to the International Residential Code related to accessory dwelling units;
- requires the executive director of the Olene Walker Housing Loan Fund to establish a two-year pilot program to provide loan guarantees for certain loans related to accessory dwelling units;
- prevents a homeowners association from prohibiting the construction or rental of certain accessory dwelling units; and
- makes technical and conforming changes.

### **Revisions/Updates to Further Remove Regulatory Barriers**

In 2018, the MMC was amended to better regulate ADUs. This effort was one piece of an on-going effort to encourage employee housing and to remove regulatory barriers to building employee housing. The current regulations allow ADUs as a permitted use (requiring only a building permit) in the R-2, R-3, R-4 and RA-1 Zones. There are standards and criteria that apply to ADUs. The Code Section is attached as Exhibit B. It has been a few years since these provisions have been adopted and it is appropriate to reevaluate them based on the experience over the last 3 years. The most significant barriers relate to external ADUs include 1) adhering to the underlying zone required setbacks; and 2) adhering to the 20 ft maximum building height for ADUs over existing garages.

ADU Code Provisions that the City may want to consider amending include:

#### 17.70.020 General Standards

- The front yard setback for an ADU shall be at least equal to the plane of the front wall of the principal structure – *should we consider eliminating this and allow ADUs in the front yard, as long as they meet the code required setback?*
- An accessory dwelling may be constructed above a garage and consist of the same floor area; provided, that it shall not protrude beyond any ground floor wall and shall not consist of more than one story above the ground floor. The overall structure shall not exceed twenty feet in height. – *Should the allowable height be more than 20 feet? It is difficult to have a garage and an ADU above and meet the building height of 20 feet and conform to the pitched roof standard.*

#### 17.70.030 Criteria for Review

- Size – the new state law does not allow us to regulate the size of an internal ADU. *Do we want to maintain a maximum square footage for external ADUs? Right now, the max is 1000 sf.*
- No more than 1 ADU per lot – *Do we want to consider more than 1 ADU per lot if the lot is of a certain minimum size?*
- Deed Restriction – the current restriction prohibits the use of an ADU as a nightly rental. That provision should be maintained. *Do we want to add an owner occupation requirement and/or no subdivision of land for an ADU?*

### Setbacks

The code requires setbacks consistent with the underlying zoning. *Should we consider reduced side and rear setbacks?*

### **Discussion Items**

At the work session, the staff will briefly go over the required changes to our code because of HB82. The staff also hoped to get feedback on changes to our existing code to further remove regulatory barriers.

**6.29.2021**

**ADU Land Use Code changes necessary due to HB 82**

**Utah League of Cities and Town's advice:**

By October 1, 2021, a municipality should review those zones that are primarily residential and adopt an ordinance permitting IADUs if they are not permitted already. However, if the municipality chooses to, the municipality should also identify a zoning district covering, as applicable, an area equivalent to 25% or less, or 67% or less, of the total area in the municipality that is zoned primarily residential and exclude IADUs in those areas. The IADU ordinance should also adopt any restrictions that the municipality finds necessary and appropriate under HB 82. A municipality should also amend an ordinance setting a single-family limit based on whether individuals are related to each other and note the changes in the building code for IADUs.

**Code Changes Necessary:**

**Definitions**

- Add "Internal ADU" to the definitions as follows:  
"Internal accessory dwelling unit" means an accessory dwelling unit created:
  - (i) within a primary dwelling;
  - (ii) within the footprint of the primary dwelling and
  - (iii) for the purpose of offering a long-term rental of 30 consecutive days or longer.
  
- Add "Primary Dwelling"  
"Primary dwelling" means a single-family dwelling that:
  - (i) is detached; and
  - (ii) is occupied as the primary residence of the owner of record.
  
- Add "Rental dwelling":  
"rental dwelling" means a building or portion of a building that is:
  - (a) used or designated for use as a residence by one or more persons; and
  - (i) is available to be rented, loaned, leased, or hired out for a period of one month or longer; or
  - (ii) is arranged, designed, or built to be rented, loaned, leased, or hired out for a period of one month or longer.
  
- Add "Primary Dwelling"  
"Primary dwelling" means a single family that:
  - i. Is detached; and
  - ii. Is occupied as the primary residence of the owner of record.

## ADU code changes

- In areas zoned primarily for residential use (a determination up to the municipality), IADUs are permitted uses. However, a municipality may prohibit IADUs in 25% or less of the total area in the municipality zoned for primarily residential
- A municipality may not establish restrictions on the construction or use of an IADU, including IADU size within the primary dwelling, total lot size, or street frontage.
- HB 82 allows a municipality to adopt the following IADU restrictions and requirements:
  - i. require bedroom window egress, prohibit installation of a separate utility meter
  - ii. require that the IADU design not change the appearance of the primary dwelling,
  - iii. require one additional on-site parking space and replace any garage or carport parking spaces if the IADU is created in the garage or carport,
  - iv. prohibit an IADU in a mobile home,
  - v. require an IADU permit or license,
  - vi. prohibit an IADU if the primary dwelling is served by a failing septic tank,
  - vii. prohibit an IADU if the lot is 6,000 sq. ft. or less,
  - viii. prohibit the renting of the IADU for less than 30 consecutive days, and
  - ix. prohibit renting an IADU that is not in an owner-occupied primary dwelling.
  - x. Hold a lien against a property that contains an internal accessory dwelling unit if the owner of the property violates any of the provisions of State Code or Local Codes
- A municipality that issues, on or after October 1, 2021, a permit or license to an owner of a primary dwelling to rent an internal accessory dwelling unit, or a building permit to an owner of a primary dwelling to create an internal accessory dwelling unit, may record a notice in the office of the recorder of the county in which the primary dwelling is located.
  - i. The notice shall include: a description of the primary dwelling; a statement that the primary dwelling contains an internal accessory dwelling unit; and a statement that the internal accessory dwelling unit may only be used in accordance with the municipality's land use regulations.
  - ii. The municipality shall, upon recording the notice deliver a copy of the notice to the owner of the internal accessory dwelling unit.
- Add a process for violations
  - i. The municipality provides a written notice of violation
  - ii. The municipality holds a hearing and determines that the violation has occurred
  - iii. If the owner files a written objection

- iv. The owner fails to cure the violation within the time period prescribed
- v. The municipality records a copy of the written notice of lien with the county recorder
- vi. The written notice of violation shall
  - ✓ Describe the specific violation
  - ✓ Provide the owner of the internal accessory dwelling unit a reasonable opportunity to cure the violation no less than 14 days after the day on which the municipality notice of violation, if the violation results from the owner renting or offering to rent the internal accessory dwelling unit for a period of less than 30 consecutive days
  - ✓ State that if the owner of the property fails to cure the violation within the time period, the municipality may hold a lien against the property in an amount of up to \$100 for each day of violation after the day on which the opportunity to cure the violation expires
  - ✓ Notify the owner of the property that the owner may file a written objection to the violation within 14 days after the day on which the written notice of violation is post-marked or posted on the property; and of the name and address of the municipal office where the owner may file the written objection to be mailed to the property's owner of record; any other individuals designated to receive notice in the owner's license or permit records.
  - ✓ Posted on the property
- vii. The written notice of lien shall state that the property is subject to a lien, specify the lien amount, in an amount of up to \$100 for each day of violation after the day on which the property's owner of record; and any other individual designated to receive notice in the owner's license or permit record and be posted on the property.
- viii. If an owner of property files a written objection in accordance with Subsection the municipality shall:
  - ✓ hold a hearing in accordance with Title 52, Chapter 4, Open and Public Meetings Act, to conduct a review and determine whether the specific violation described in the written notice of violation under has occurred; and
  - ✓ notify the owner in writing of the date, time, and location of the hearing. The hearing notice shall be send no less than 14 days before the day on which the hearing is held.
- ix. If an owner of property files a written objection a municipality may not record a lien until the municipality holds a hearing and determines that the specific violation has occurred.
- x. If the municipality determines at the hearing that the specific violation has occurred, the municipality may impose a lien in an amount of up to \$100 for each day of violation after the day on which the opportunity to cure the violation expires, regardless of whether the hearing is held after the day on which the opportunity to cure the violation has expired.

950 (C) generates excessive noise or traffic;  
951 (D) creates unsightly conditions visible from outside the dwelling;  
952 (E) creates an unreasonable source of annoyance to persons outside the lot; or
