Presenter: Joel Linares

Attachment(s):
- Proposed Ordinance

Suggested Motion: There is not a suggested motion as this item is on for discussion only.

Background/Summary:

This Ordinance is proposed in draft form only. It has been placed on the agenda for the sole reason to have the necessary discussions to form the policy regulating this industry. The City wishes to be proactive in its enforcement of these types of uses prior to a business wanting to bring this use to the City of Moab.

At this time the City has not received any request from a business to be permitted for this type of use.

The content of this ordinance is merely for Council to review and to begin the discussion to form its policy going forward. It is not an endorsement by staff as to this type of use. Staff looks forward to forming the policy in reflection of the majority of Council and implementing that policy going forward.
