**Disposition:** Discussion and possible action

**Staff Presenter:** Carly Castle, Acting City Manager

**Attachment(s):**
- Attachment 1: Resolution 16-2021
- Attachment 2: Fiscal Year 2020 Impact Fee Report

**Recommended Motion:**
I move to adopt resolution 16-2021 Extending the time for use of water impact fees.

**Background/Summary:**
Impact fee money must be spent within 6 years of receipt and only on projects contained within the Impact Fee Facilities Plan. The City is required to report annually to the state annual impact fee receipts, eligible impact fee expenditures, and planned impact fee eligible projects. Impact Fees may be used for debt service that was used to construct impact fee eligible projects, moving forward impact fees will be used to pay a portion of the 2021 Water Bond debt service.

When the use of impact fees will exceed 6 years, the City may extend that period by making a written statement extending this period by stating the reason for the extension and the date by which the fees will be fully expended.
