

Moab City Council Agenda Item

Meeting Date: July 27, 2021

Title: Briefing on Public and Stakeholder Engagement Process for the Unified Moab/Grand County Transportation Plan

Disposition: Discussion

Staff Presenter: Chuck Williams, City Engineer

Brent Crowther, Kimley-Horn and Associates, Inc.

Attachment(s):

N/A

Recommended Motion:

N/A

Background/Summary:

The City and Grand County have contracted with Kimley-Horn and Associates, Inc. (KHA) to produce a Unified Moab/Grand County Transportation Plan. A kickoff meeting was conducted two weeks ago and KHA is currently in the data collection phase of the project.

In anticipation of the project development phase, staff thought it a good idea to have KHA present an overview of their public and stakeholder engagement process to Council, both for Council knowledge and to receive input. There are no materials available for the packet at this time. There will be an opportunity at this meeting and in the future for Council input regarding this process and the Plan itself.
