Recommended Motion:
I move to approve the agreement for the water assistance program between the City of Moab and the Department of Workforce Services

Background/Summary:
The Department of Workforce Services is administering the federal Low Income Housing Water Assistance Program (LIHWAP). This program is targeted to assist low-income households with water utility payments.

This is similar to the Home Energy Assistance Target (HEAT) program also administered through the Department of Workforce Services.

The program will be funded for approximately 2 years with the possibility of extension conditional on ongoing federal funding.
