Presentation and Discussion: Planner Shurtleff introduced Proposed **Planning Resolution 04-2022**: a planning resolution conditionally approving the City Center Townhomes Level II Site Plan on property located at 196 N 200 East, Moab UT. He explained that, since the City Council tabled the proposed Active Employee Household (AEH) ordinance requiring deed-restricted workforce housing units in multi-household residential units in the subject zone, the City Center Townhomes project was exempt from any requirement to provide workforce housing. Shurtleff added that the applicant stated an intention to retain approximately six unit to be offered as long-term rentals. He further described some storm drain issues that required resolution, and noted the approval would be for apartments to be later subdivided as townhomes during construction. The proposed amended AEH ordinance was discussed with regard to potential bonuses for developers intending to provide AEH units. Commission Member Villalpando-Salas asked about off-street parking to be included. Commission Chair Marienfeld mentioned nine families were displaced by the development and she made a plea to the developer to include long-term rentals in the project.
