

**CITY OF MOAB RESOLUTION NO. 21-2019
A RESOLUTION APPROVING A UTILITY EASEMENT AND AGREEMENT
BETWEEN THE CITY OF MOAB AND RESILIENCY HUB**

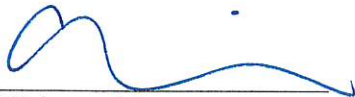

The following findings describe the reasons for this resolution and explain its purpose.

- a. As a part of the 100 West Infrastructure Improvements project, public sanitary sewer main line was installed across the southeast corner of the parcel numbered 01-001-0089.
- b. In consideration for operation, maintenance, or replacement of the installed sanitary sewer main line and appurtenant structures, the City of Moab requires an easement overlaying an area of said parcel sufficient for this purpose.

Now therefore, the City of Moab resolves as follows:

An easement shall be made and entered into as described in the attached Utility Easement and Agreement.

PASSED AND APPROVED by a majority of the City Council, this 9th day of April, 2019.
