

WINTER IS COMING

Save Money by Lowering Your Heating Costs

The City of Moab, in collaboration with CLEAResult, is offering FREE insulation weatherization recommissioning for single or double-wide manufactured homes.

Who qualifies?

- Any resident living in a single or double-wide manufactured home (i.e., trailer) with electric heat.
- Renters and homeowners are eligible.

How does it work?

- The City of Moab is working with CLEAResult to perform the upgrades.
- Equipment and labor are provided at NO COST to the renter or homeowner.

Two ways to sign up:

1. Email the Moab Sustainability Director at russo@moabcity.org and provide your name, address and contact information;
...or...
2. Come by City Hall, 217 E. Center St., and sign up on the CLEAResult form outside the Sustainability Office (second floor) before Nov. 22, 2019.

Community Conservation Challenge

Local residents are invited to pick up information about rebates and an ENERGY EFFICIENCY KIT (includes LED light bulbs, a water-efficient showerhead and sink aerators) as part of the Moab City Community Conservation Challenge. Utilizing the items in the kit could save approximately \$180 annually in energy costs.
