

LAST DAY TO VOTE: NOVEMBER 2ND

Voting in Moab looks different this year

We're one of several cities throughout Utah to adopt **ranked choice voting**. Unlike traditional voting, expect to rank the candidates on the ballot from your favorite to least favorite.

Old Ballot Format

HOW DOES RANKED CHOICE VOTING (RCV) WORK?

The ranked choice ballot is designed in a side-by-side column format and lists the names of all of the candidates. This format allows a voter to select a first-choice candidate in the first column, a second-choice candidate in the second column, and a third-choice candidate in the third column, and so on.

HOW ARE RANKED CHOICE VOTES COUNTED?

Step 1: If a candidate receives a majority (50%+1) of the first-choice votes cast for that office, that candidate will be elected. However, if no candidate receives a majority of the first-choice votes, an elimination process begins.

Step 2: The candidate who received the fewest first-choice votes is eliminated. Next, each vote cast for that candidate will be transferred to the voter's second-ranked choice among the remaining candidates. This elimination process will continue until one candidate receives a majority and is deemed the winner.
